Amos Turney's Good Four-Year-Old Installed in Post of Honor for Opening Feature of Maryland Meeting on Saturday.

Baltimore, Md., April 14.—Preparations for Saturday's opening of the fifteen-days spring meeting of the Harford Agriculture and Breeders' Association are proceeding satisfactorily. The finishing touches are being given to the splendid new steel and concrete grandstand, the track proper is being whipped into the best possible condition and otherwise the arrangements for the inauguration of the meeting are going along with a rush. Horses are arriving daily and the opening day will see an abundance of racing material available for the proper filling of the high-class program that Racing Secretary Fred Rehberger has arranged.

Mr. Rehberger has announced the weights for the Harford Handicap, \$1,500 added, which is to have the place of honor on the opening day card. This is to be a live and a half furlong dash for three-year-olds and over. Amos Turney's Horror, regarded by many as the best American three-year-old of last season, has been assigned top weight of 126 pounds and Harry Payne Whitney's Miramichi, which raced with distinction in England, and is about to enter upon an American campaign, comes second with 118. GOSSIP FROM KENTUCKY SOURCES.

Demand for Boxes for Derby Day from Widely Separated Localities—Training News.

Louisville, Ky., April 14.—No better illustration of the wonderful interest that is being manifested in the Kentucky Derby this season can be given than the orders already registered at the New Louisville Jockey Club for boxes on the day of the great race, which will be run this year Saturday, May 9. There are 52 boxes in the club house and grandstand at Churchill Downs and most of them have already been taken, reservations having been made for turfmen and prominent citizens from widely separated places as New York, Cleveland, Pittsburgh, Memphis, Lexington, Indianapolis, Cincinnati, Louisville, Butte and Duluth. Several of the applicants for boxes at the Downs this season are new patrons of the sport and are coming with guests to see a Kentucky Derby for the first time. Several have never before visited Louisville or witnessed a day's racing in Kentucky. The event this season will surely satisfy the most exacting lovers of the thoroughbred. There never has been a season in which so many cracks eligible to the event have trained so well for the big race and it is safe now to make a prediction that in numbers and quality of contestants the field in this race this season will break all records in the forty years' history of the running of this one of America's greatest races.

Over a drying out track at the Downs, yesterday's best work was six furlongs in 1:22 by Bonanza, the same distance by Sir Harry, in 1:23; a quarter in 26 by Broomstick and Sir Catesby; three furlongs in 33 by Lady Panchita, a quarter in 26 by Superhuman, the same distance in 25 1/2 by Mrs. H. Gorin, and a quarter in 27 by Floetabelle and Beaufrat. The latter is a son of Glorifier in W. O. Seely's stable.

Jockey M. Matthews has arrived here to ride for the stable of C. W. Gasser and take other mounts on the Kentucky tracks this spring and the coming summer. Matthews did some good riding the past winter at Juarez, Barsa being one of the horses he rode successfully. Mr. Gasser has only three horses in training at the Downs, they being Mack B. Eubanks, John D. Wakefield and Claribel.

Dave Vittoe was an arrival at the Downs yesterday, having come to secure quarters for the stable of W. A. Kirwan, whose string is now at Lexington, for the coming Kentucky Association meeting. Vittoe has in training H. Adair, High Class, Prospect and two maiden four-year-olds by Bannockburn. Vittoe says that J. N. Camden's Derby candidate, Brighurst, is a great favorite with the horsemen at the Lexington course, and an Oaks candidate exceedingly well liked by those same experts. T. C. McDowell's Gracilly, which according to Vittoe, is training unusually well this spring, having apparently been cured of her bad track manners.

Trainer Elza Brown will ship M. B. Gruber's promising two-year-olds, Sam McMeekin and Little String, to Lexington next Saturday to meet their engagements there. Little String will carry the stable's colors in the Idle Hour Farm Stakes, to be run Wednesday, April 29, and Sam McMeekin will be the stable's reliance for the Breeders' Futurity, to be run Thursday, May 7. At least this is trainer Brown's present idea, though Little String is also engaged in the Breeders' Futurity. Sam McMeekin is not engaged in the Idle Hour Farm Stakes.

Mr. and Mrs. R. L. Rogers, the owners of Trojan Belle and Harwood, will make their home in Louisville in the future. Mrs. Rogers has selected a lot on which to begin the erection of a home here. The location is Grand Boulevard, close to the big hotel race courses. She plans to spend her summers here and the winters in El Paso, racing her horses at the Juarez course. Harwood is coming around now and will likely be in condition to race within the next few weeks. As to Trojan Belle, she never looked better.

J. C. McLaughlin, an assistant trainer in F. D. Weir's stable, who has looked after Old Rosebud ever since the Derby favorite was broken as a yearling, has received the sad news from his home in Gloucester, N. J., that his father has suffered a severe paralytic stroke and it is feared is in a dying condition.

J. A. Seckington, a western trainer, has four horses in charge at the Downs, including the well-known performers, J. B. Robinson, Curlicue and Tyree and the two-year-old Jack Rittler, a brother to that good three-year-old, Bing. Seckington says that B. A. Jones, the smart two-year-old which raced at Juarez, was taken home to Missouri by his owner because Lemon Joe, in the same stable, broke down. Mr. Jones did not care to send the colt to Kentucky with no stable companion and the going wrong of Lemon

VETERANS OF THE TRACK THAT ADDED TO THEIR WINNINGS IN 1913

One of the effects of the depression from which the American turf is just now emerging is a disposition on the part of owners to race their thoroughbreds to a greater age than in the flush days of the sport. The diminishing of the supply of thoroughbreds in this country as a result of the widespread curtailment of breeding operations is undoubtedly one of the impelling reasons. The average age of the thoroughbreds that raced in 1913 will considerably exceed the average for former years. In accordance with its custom, Daily Racing Form today presents to its readers a list of the veterans of the track—seven years old and over—that materially added to their winnings during 1913. The list follows:

GERMANY'S NEW BETTING ARRANGEMENT.

Under the provision of the measure to regulate race track betting, shortly to be passed by the German government, bookmakers are forbidden to accept bets from members of the military forces, and betting on races with gentlemen jockeys is also prohibited.

An important provision of the proposed law makes winning wagers collectible at law, provided they are cash wagers. This, it is believed, will greatly reduce the number of dishonest bookmakers.

The maximum penalty for unlicensed bookmaking is to be two years' imprisonment and \$1,500 fine, as against six months' and \$125 at present. Retorsion dealing with unlicensed bookmakers also make themselves liable to imprisonment and fine and to the loss of all sums wagered, which will be confiscated by the state.

The government estimates that the new law will produce at least \$6,000,000 yearly, of which \$2,000,000 will go to the states where the races are held, to be devoted to the encouragement of horse breeding, and \$4,000,000 to the federal treasury.

Despite the reduction of the tax on pari-mutuel takings, it is not believed that returns will be below the present figures, which are approximately \$3,000,000 yearly, since betting through the machines is to be permitted, with restrictions, on races outside Germany. Under the existing law the machines may be employed only for domestic races.

The bill is now before the German Parliament and is expected to become law immediately, and come into force about May 21. The guarantee money required from each applicant for a license is \$50,000, and the conditions are that the licensee shall not be the owner of any race horse or any newspaper or sheet dealing with racing. He is prohibited from betting with jockeys, trainers and with officers who may be riding or in uniform. Considerable latitude is given the race society; for instance, the bookmaker may be refused permission to do business on the course. He may be admitted to the stands on payment of a certain sum, or may be parked in a special enclosure to which the public will only be admitted on payment of a fixed sum for the benefit of the race fund. The bookmaker renders himself liable to the withdrawal of his license as well as a criminal prosecution if he

makes a wager elsewhere than in his place of business or office, which must not be a cafe, restaurant or cigar shop.

NOTES OF THE TURF IN OTHER LANDS.

Louvois is being specially trained to run in the Coronation Cup at Epsom on May 28.

A. Duller has returned to England from India, where he finished the season by figuring third on the list of winning jockeys.

The Salford Borough Handicap, at Manchester Whitson meeting, which was advertised to close on March 21, did not fill, and will be reopened. This was one of the events won by Whisk Broom II, while he was in England.

H. Randall rode his first winner in the Royal purple when he got home first on Sunny Lake in the Greenham Stakes at Newbury. He rode several times for King Edward VIII, but never before had the honor of steering a winner in the Royal colors.

W. Higgs, the ex-jockey, is experiencing much success as a breeder. He has only seven mares, and already possesses four colts and two fillies. His latest "arrival" was a bay colt by his old favorite, Land League—Bit of a Devil, which now visits Amadis.

The Chievely Handicap, was contested at the Newbury spring meeting, April 1, by twenty-two horses and was won by the Keene castoff Wamba, by Ben Brush—Cap and Bells, with the Whitney castoff Mix Up, by Broomstick—Hurley Burley, second.

Further backing for The Tetrach cut his Epsom Derby odds down on April 1 from 3 to 1 to 2 1/2 to 1, bets of \$7,500 to \$2,500 and \$5,000 to \$2,000 being among those registered. \$550 to \$200 was laid a number of times before the final cut to 2 1/2 to 1 was made.

At Newbury, April 1, King George won his first race of this year when his colt Sunny Lake, a son of Sundridge—Pearl of the Loch, carried off the Greenham Stakes at a mile from eleven opponents, winning by two lengths with Francois second and General Gowan third. Sergoi, Land of Song and Roseville were among the unplaced ones. The race was of the net value of \$4,305. Sunny Lake is not in the Derby but is in the Two Thousand Guineas and has a great chance of winning this big race unless The Tetrach is sent to the post.

York, New Haven & Hartford Railroad has been

of the fatal wreck at Westport, October 3, 1912,

jured, and twenty-one families, totaling seventy
five individuals, were endangered in an early morn-
ing fire that wrecked the Melvin, a five story brick apart-
ment house at the corner of Commonwealth and

tion lines of Chicago became a more imminent pos-
sibility when Henry A. Blair, chairman of the board
of directors of the Chicago surface lines and a
trustee of the Chicago Elevated Railway Company,
announced that officials of the companies were in
complete sympathy with the project.The regular baseball season opened yesterday.

launched in southern China, according to a dispatch
from Shanghai. The regular troops at Sianfu, capital
of Shensi province, are said to have mutinied and
are believed to be in league with the notorious band-
it, White Wolf. The rebellion centers at Nan-king where there is a reign of terror among the pop-
ulace and feverish excitement among the official
classes.Los Angeles, Cal., April 14.—Desert land may not
be obtained hereafter from the government unless
the applicant can prove that water can be developed
or procured for irrigation purposes. Notice to this
effect was received by the local United States land
office today. Heretofore it has been possible to
secure an entry if the map showing the land indi-
cated there was water. Under the new ruling very
stringent requirements are laid down.The Italian government has refused the demands
of railroad workers for an increase in pay on the
state-owned roads of that country that would in-
volve an additional expenditure of \$20,000,000. The
net profit of the Italian railroads is \$7,000,000 on
a capitalization of \$5,000,000,000. The 115,000 em-

tion to be adopted at the nation-wide demonstra-
tions May 2, next, are today being sent through the
country, urging city managers to call on congress
to pass the Bristow-Mondell resolution giving
women the right to vote. A copy of the resolution
is to be sent to every member of the Senate and

rage is sending them out.Colorado Springs, Col., April 14.—Internal strife,
dissension and city, county and railroad officials
have combined to disrupt the detachment of the
army of unemployed from California which has
been camped near this city since last Friday, owing
to the refusal of the railroads to furnish transporta-
tion. Following the arrest of ten ringleaders of the
army for attempting to wreck a Rock Island train
east of this city, city officials and the 115,000 em-
ployees of the state railways are joined in a league.

nary steps can the Thaw case be considered by the
Supreme Court before next October, as the court
plans to suspend hearing all cases April 24 and
hear no more arguments before October unless an ex-
traordinary occasion should demand it. That would
probably mean that Thaw must remain in custody
until at least October. Those best posted on the
court's procedure predict it may be Christmas be-
fore the Supreme Court passes upon the case finally.Albany, N. Y., April 14.—Shortly before the ex-
ecution of "Dago Frank" Crofco, who was the first
of the four gunmen to go to the death chair in Sing
Sing prison yesterday, John Ward, a famous New York
"Gyp" thief, stated that "Lefty Louie" Rosen-
berg and Harry Valton, an informer, fired the shots
which killed Herman Rosenthal, for which crime
the four gunmen paid their lives. "So far as I
know, Lieut. Becker had nothing to do with this
case," the gunman also declared. "It was a gam-
bler's fight."Washington, D. C., April 14.—Experiments con-
ducted by the department of agriculture demonstrate
that climate is the chief factor in determining the
varying characteristics of wheat grown in different
regions, it was announced today. To ascertain this,

each of the wheat grown in California, for example, was much
alike, whether raised on soil of that state or on
soil imported from Kansas and Maryland.Conviction of Jack Johnson, negro pugilist, was
upheld on two counts of the indictment by the United
States Circuit Court of Appeals, in an opinion handed
down at the opening of the new federal court here
yesterday. The reviewing body held, however,
that the evidence was insufficient to sustain other
counts of the indictment. Inasmuch as the sentence
was based on the two sets of counts jointly, the
judgment of the lower court was reversed for re-
sentencing on the counts upheld and for retrial on the
others. If the government has additional evidence to
support them.Concord, N. H., April 14.—Harry K. Thaw's ap-
plication for a writ of habeas corpus was granted
in the United States Court by Judge Edgar Aldrich
today. Thaw's petition for admission to bail the
court left undetermined. Judge Aldrich taking this
ground that it would be most appropriate for this
to be passed upon by the Supreme Court of the
United States. The result of the decision is that
Thaw's guardianship and condition will be un-
changed for the present, but that his petition for
a writ of habeas corpus will go to the highest
court in the land with a decision of the lower
court in his favor.The net debt of the 146 leading cities of the
United States increased from \$900,178,161 in 1902
to \$1,801,129,085 in 1911, a little more than 100
per cent. In the same period the net debt of the
federal government increased from \$969,457,241 to
\$1,015,784,328, or only 4.8 per cent. The per capita
debt of the United States as a whole actually de-
creased, the increase of population having been far
greater than the debt increase, so that the per
capita debt was \$10.83 in 1911, as against \$12.24
in 1902, a decrease of 11.6 per cent. The per
capita debt of the 146 cities in the same time in-
creased from \$14.19 to \$12.31, the latter figure
being 6.2 times greater than that for the United
States.Washington, D. C., April 14.—An ultimatum to
Huerta which, if ignored, will bring about a block-
ade of Mexico or armed intervention was the result
of a cabinet meeting today in which the tangled
affairs of the southern republic were considered by
President Wilson and his advisers. Four develop-
ments of the last twenty-four hours have brought
about the crisis. They are:First.—That President Huerta has refused cate-
gorically to comply with the demand of the United
States to salute the American flag at Tampico in
public reparation for the outrageous arrest of a
pamphlet and sailors of the United States war-
ship Dolphin.Second.—That the mail orderly of the squadron
at Vera Cruz, in full uniform and peacefully on his
way to obtain mail for the fleet, was arrested by
the Mexican police. He was later released.Third.—That elimination of General Huerta by
the policy of waiting has ceased to be possible for
the reason that information has been received at
the White House showing that the Mexican dicta-
tor has just obtained \$60,000,000 in cash. This
sum will enable him to run his government for an-
other year at least.Fourth.—That expectation that the constitutional-
ists, if they gain control of the country, will es-
tablish a government which, while preserving do-
mestic peace and order, will respect and protect
foreign life and property, has practically been aban-
doned as a result of the expulsion of Spaniards from
northern Mexico by General Villa, with the approval
of General Carranza. From neither side, therefore,
can the administration hope for a solution of the
grave problem at our doors.Following the cabinet meeting, President Wilson
ordered Admiral Badger to proceed to Tampico at
once with the United States fleet. Admiral Badger
now is at Hampton Roads. At the same time orders
were issued for the transport Hancock, now at New
Orleans with 800 marines, to proceed to Tampico.
Orders also were issued to the battleship South Car-
olina, now en route from San Domingo, to join the
fleet at Tampico. Orders to go direct to Tampico
from the gunboat Nashville at San Domingo, and the
gunboat Tacoma, now at Boston, are also to pro-
ceed to the Mexican port. The entire torpedo fleet,
now at Pensacola, was notified to repair immediately
to Hampton Roads to sail for Tampico. All told,
there are more than thirty war vessels under im-
mediate orders to sail for Mexico. Twenty of these
are dreadnaughts. The battleships Vermont, Ar-
kansas, New Jersey, New Hampshire and Delaware,
and the destroyers Benham, Cummings, Cassin and
Parker are at Hampton Roads. The battleships
Idaho, Michigan, Kansas, Illinois and Missouri are
at Philadelphia. The North Dakota, Washington,
Ohio, Wyoming, Louisiana are at New York. All
of these battleships, comprising the entire Atlantic
fleet, will get under way with the least possible
delay and steam at forced draught to Tampico.
This will give the United States a huge fleet to
back up President Wilson's demands that repara-
tion be made for the insult in the arrest of Ameri-
can marines at Tampico last Thursday. A wireless
report from Rear Admiral Mayo stating that not
only had the salute not been fired, but that the port
authorities had declared the United States a hostile
and ordered the entire Atlantic fleet rushed to Tam-
pico for a demonstration.
